

# Our Services

*GF Packaging is more than a direct sales distribution company. We work hard to understand your needs, and then work even harder to provide the tools and services to make your company more productive and add value to our relationship.*

*The following section outlines our services. They range from GF Direct Customer Care phone service to product demonstrations, maintenance services, vendor managed inventory, product sourcing and many others. Please review them to make sure you take full advantage of all the services we provide.*
